Commodore's Report

John Messenger – Commodore

I have now had the honour of being your Commodore for two years which is the maximum term, and I must now step down from this position and the Board of Directors.

I have been reflecting on what has happened at our great Club since 1993 when John Keelty asked me to join the Marina & Site Committee, we have certainly come a long way. We have a new floating marina, totally refurbished Clubhouse, a new start boat, ten new Elliott 6.0s and two new coach boats for the Youth Sailing Academy, but on the downside we do not have a working slipway. This remains a Board priority and is being pushed by Vice Commodore Geoff Lavis but unfortunately we are meeting any number of obstacles as we press forward in this issue.

As I write this report we are in the midst of dialogue with NSW Waterways who are at present revaluing our asset with a view to raising more revenue which they say is fair and equitable. This will probably lead to increases in marina fees and has certainly slowed our revamping of the slipway and adjoining facilities. We are also dealing with them on the matter of yacht sponsorship and boats in charter/survey which is another area that they are seeking to make changes to.

On a brighter note, we have Rolex as a major sponsor of our Sydney Hobart Race which this year is celebrating 60 years. This promises to be a great event and Rear Commodore Martin James heads the Rolex Sydney Hobart Yacht Race Committee in charge of the organisation. This race could not be run successfully without the assistance of the Royal Yacht Club of Tasmania, the people of Hobart, and the media and I wish to thank all of them. Our Media Director and Offshore Editor Peter Campbell is retiring this year after covering the event since its inception and I thank him and wish him well.

BMW Sydney are once again the sponsors of our very popular Winter Series, Hahn sponsor our Monday Spinnaker Series, St Arnou the Wednesday Twilight Series, FKP our Sydney Mooloolaba Race and Canon the Canon Big Boat Challenge. We are at present close to signing a sponsor for the Sydney Gold Coast Race. Several sponsorships are coming to an end and anyone with ideas in this field should contact Lisa Ratcliff.

The Youth Sailing Academy under the leadership of Jenni Bonnitche has gone from strength to strength and gained an international reputation. It is fulfilling our aim of giving young people the chance to learn our wonderful sport and providing yacht owners with very good young crews.

Apart from our running of very successful on water yachting events, we have our Clubhouse which is the hub around which all activities take place. Your Board has been very focused on providing member benefits and functions to be enjoyed by all members so you are proud to call the CYCA your Club and I am pleased to report that this is going well. The Club has been well attended throughout the year as have functions put on by the Member Services Committee, Associates Committee and our Cruising group. I wish to personally thank the Associates and Cruising group and assure them of the Club's continued support. Our Bistro is well supported and we are addressing the issue of low numbers in the restaurant.

A great Club like ours cannot run without volunteers and we are extremely lucky to have great assistance in this area. I wish to thank all volunteers who have assisted with Club functions and races including the Rolex Sydney Hobart Yacht Race and hope this great Club spirit will continue in the future. We will certainly need volunteers for this year's 60th Race. The Breakfast Club under the leadership of Phil Grounds and Alan Brown provides breakfasts prior to the BMW Sydney Winter Series Races and use the proceeds to purchase various equipment needed by the Club. Thank you very much for your tireless efforts.

Financially the Club is in a healthy position and this is dealt with fully in the Treasurer's Report.

During May 2004 our Chief Executive Officer Joe Goddard resigned to take up a position managing a marina complex in Dubai. I wish him well in his new position and he will certainly be missed. We are currently interviewing prospective applicants to fill this position.

I would like to thank all our hard working staff, both permanent and casual, for the great job they do in running our Club day to day and in particular, Christina Del Conte, Nina McKinnon, Maria Lister and Scott Finsten, who have been so much assistance to me personally. I would also like to thank my hard working Board of Directors and the members of the various Committees. All work tirelessly for the Club in an unpaid capacity and I remind them and their members that they too are members of the Club and need to enjoy themselves. Most are standing for next year's Board and have my full support.

Finally, I want to thank all members of the CYCA and various other organisations who contribute so much to our Club, you have all made my job as Commodore easy and I hope that I leave the position with the Club in good shape. I am very proud of our Club and will now enjoy Club life and my sailing, but will always be on hand if I can assist.

Treasurer's Report

Alan Green – Treasurer

This year has been particularly interesting. It has been a difficult year, largely because the costs have increased, while revenues have remained relatively stable. This means that while there has been a focus on increased cost control, and endeavours to increase the revenue, I suspect we have not gone far enough. The accounting treatment of the websites is one item which has had quite a significant impact on the final profit result and was not resolved until very late in the financial year. The performance of many of the sections from a revenue perspective remained stable (for more detail see the Supplementary Information at the back of this report). On the whole revenue before expenses only increased by about \$51,000 or almost 0.7%, which is not very significant. Yet expenses, particularly after depreciation, increased far more significantly. It is for this reason that profit is down significantly. This is not really a concern, because we are a Club interested in sailing, not profit-making. We need to be confident that we can continue to pay our bills and that we have money for the future. From a total perspective, you will see that we are well on track (as I proposed several years ago) to pay off all our long term liabilities and borrowings. Of course this could be reduced at a faster rate, but we have to leave money to pay the bills. We have clear support from our sponsors and that indicates our future position is not only stable but is also strong. Our fundamentals are improving all the time, with our staff again doing amazing work in each of their areas. The Club is performing well and our sailing events (including our Youth Sailing Academy), the very reasons for our existence, are getting better and better:

Again this year's result is the outcome of the work of our Members, our volunteers (who always step up in their multitudes at every turn), and our staff. We also must give special thanks to our many sponsors, without whom many of the events and functions that we hold could not occur.

We achieved a profit this year of \$186,603. This is down from last year's result of \$395,123. I would like to explain why this has happened.

There were periods that were very tight, with some extra unexpected costs and with revenues not always performing as expected. Our staff again pulled out all stops, they acted to control the expenditures for which they were responsible. The revenue cannot be so easily controlled by the staff. It is determined by our actions as Members, such as in attending the sailing events and functions held at the Club. You may also recall that the Board had decided not to (or at least to only modestly) increase certain fees, and has offered Member discounts over the last few years. This in turn has contributed in part to the modest growth in revenue. Irrespective, it is the return to Members in terms of service and benefit from the Club which I believe is important. I believe that Member services have improved as a result of the various Board decisions.

The major reasons for the decline in profitability are shown in the detailed Financial Report. I draw your attention to the comment on Page 20 of the report under "Review and Results of Operations." You can see that Depreciation increased by almost \$95,000, mostly from increased depreciation of what is called plant and equipment, but also due to the depreciation of the increased numbers of boats that are available to assist in starting the events that the Club undertakes. The catering arrangements have cost us in terms of expenses, shown in the accounts as Temporary Services. Another major area of change in the area of property has been the need to prepay land and Waterways rentals. These expenses are quite significant and as a whole it has reduced the profit. What is important is to compare the year on year changes to see where the most significant variations have taken place. For all of this, the future is bright. We have the very best of sponsors in Rolex to assist with our Rolex Sydney Hobart Yacht Race and we have sponsors not only for our major sailing events, but also for the Youth Sailing Academy and for the popular weekly Members' Badge Draws. As I said previously, without the wonderful support of all of these sponsors, the position would certainly be very different.

Treasurer's Report (Continued)

Clearly, we cannot become complacent, we need to exercise continuing and firm financial control. I know from the direction of the present Board that this control will not be at the expense of reducing Member benefits.

In terms of our outstanding debts, we are progressing to the schedule I set down several years ago. It will take a good few years to get on top of the present debts, but the facilities that we are establishing at the present time, and the benefit that we are creating for future Members is something that will be of long term benefit.

My Report

The key issue was trying to maintain revenue, while controlling expenses. This has been achieved by ever increasing participation in our sailing events, which brings in revenue while carefully controlling and paring down the expenditures where possible. I think we achieved this without any noticeable decline in service levels. Our Balance Sheet (the old term to describe it) is moving back to a more healthy position compared to the last few years, with both our current and non-current liabilities being brought more under control. The financial ratios that so many accountants appear to place store in are still not what we used to have in the earlier days, but we appear to be on the road to getting back to solid ground. As I mentioned before we are not a Club here to simply make profits, we are here to encourage and foster the sport of sailing.

The Notes to the Accounts contain a couple of new items, the changes are not significant other than we have chosen to treat staff sick leave and other staff entitlements a little differently. We also chose to write off some of what were previously capitalised costs for items that we could see no clear future commercial benefit from.

All the other usual items are reported upon. The results are well within their expected ranges. Again, please note at the back of the report, where we re-introduced reporting by individual areas as requested by some Members, that we have expanded the data provided so that Members can have more information on the long term trends and performance of the particular areas.

Again this year I take this opportunity to thank our Club Accountant Nina McKinnon, who has spent an innumerable number of hours working to control and report on our financial

position. All of our staff are to be commended for their commitment and high level of support to the Club.

Again this year, because of the financial position, our Audit, Planning & Risk Committee worked at an incredible level. I would like to thank each of the Committee members and our staff who presented at the interminable meetings so that we could agree the controls, set the changes and determine the future course of our expenditures.

Major Directions

The focus again needs to turn to stabilisation. We need to maintain the high levels of control over our expenditure. While I mentioned we had sponsors, we need to have more sponsors for our Youth Sailing Academy. This should be our challenge as (I have said it before) the youth are the future of our Club and the sport of sailing. The youth are a group that deserves our strong ongoing support.

I wanted to take this opportunity to thank you for your support and the opportunity to serve as your Treasurer over the years. I have fulfilled this role over the last eight years. I think we have achieved a giant amount. I know that I have been responsible for bringing the Club through a difficult period, but I want you to know that it would have been impossible without the help of every Member, every volunteer, each sponsor and our very valuable staff. Thank you all.

Audit, Planning & Risk Committee Report

Martin James – Chairman, Rear Commodore

The Company has an Audit, Planning and Risk Committee with its own charter:

The Committee has during the last year focused on issues relating to the governance of the Company and its subsidiary (CYCA SOLAS Limited), its forward planning (particularly financial planning) and the management of its risks. The Committee's responsibilities include:

- reviewing the adequacy of existing external and internal audit arrangements, the Company's accounting policies and practices, the financial statements and the Company's internal control systems;
- giving the Board additional assurance regarding the quality and reliability of financial information prepared for use by the Board;
- reviewing the rents and other periodic receivables of the Company and implementing reviews of the amount of those rents and receivables;
- reviewing and approving draft annual budgets prepared by management;
- liaising with KPMG, the Company's external auditors and reporting to the Board on the auditor's findings;
- monitoring compliance with the Company's and its subsidiary's statutory responsibilities including those under the Corporations Act, the Registered Clubs Act and environmental laws;
- reviewing regular reports on the Company's insurance affairs and reviewing policy terms. During the last year the Committee has implemented a change of underwriter of the public liability and directors and officers insurance, realising a significant premium saving in the process;
- reviewing policies and procedures relating to the Company's risk management and making recommendations to the Board as to appropriate risk management strategies;
- the monitoring of compliance with approved policies;
- reviewing the Company's compliance with its taxation obligations;
- considering matters relating to the information technology requirements of the Company including, during the last year, commencing a project for the replacement of the existing systems;
- an ongoing audit of the procedures employed by the Company in its conduct of its major races, including conducting spot audits of the operations of the Sailing Office prior to all major races;
- dealing with litigation and other claims against the Company, including those arising out of the 1998 Telstra Sydney Hobart Yacht Race;
- reviewing, negotiating and signing-off on all significant contractual arrangements and other long-term commitments entered into by the Company, particularly the agreements with St Arnou and other sponsors;
- the oversight of the operation of the CYCA Sydney Hobart Yacht Race Safety of Life at Sea Trusts; and;
- during the last year, reviewing the Company's security and arranging for the installation of security cameras and additional motion detectors.

All of this would not be possible without the assistance and support of the members of the Committee. I would therefore like to thank Treasurer Alan Green and Directors Matt Allen and Michael Cranitch for their respective contributions during the last year.

Sailing Committee Report

Roger Hickman – Chairman, Rear Commodore

So very many capable and eager volunteers support the CYCA, who along with the staff of the Club, have provided our members and hundreds of other sailors with a successful and enjoyable year of boating.

Richard Grubb and his wonderful team on board the start boat have rolled through a big year and provided us all with very capable on-water race management. John Kirkjian and the many other valuable Protest Committee people give a large amount of their time to support the sailing events of the CYCA as has Mervyn Clarke, who co-ordinated a new initiative designed to match up owners and crews.

John Kirkjian should also be recognised for his huge effort with the Safety Auditor's processes and his involvement and commitment towards Yachting NSW Special Regulations. Of course the many other Special Regulations Auditors that assist all our yacht owners to understand and work with the safety equipment on their yachts must also be thanked.

Tim Cox, Chairman of the Rolex Sydney Hobart Yacht Race, is a very valuable and capable volunteer who is supported by several other members including two from the Royal Yacht Club of Tasmania to ensure that the race is well managed. The many volunteers who supported the race both in Sydney and in Hobart must be thanked and congratulated on a great job.

David Kellett is certainly a huge contributor to our group of volunteers. With the very valuable support of Club member Harcourt Gough and his beautiful yacht *Four Seasons*, David takes on the role of skippering the Radio Relay Vessel in the race to Hobart. David and his expert team provide this vital link for the race and ensure that along with Tim and his team, the race is in good hands.

John Brooks is yet another person who contributed enormously to the Club. John heads up a special team that manages and

implements, if required, the Rolex Sydney Hobart Yacht Race Emergency Management Team.

Also to be recognised is John Keelty and his team who organise and run all cruising aspects of the Club as they work tirelessly to provide innovative and enjoyable cruising for many of our Club members.

The Sailing Committee is made up of a group of volunteers that provide a wealth of knowledge and a bunch of time to ensure that CYCA racing, sailing and cruising can be carried out at a high level of awareness and enjoyment. The relationship between the Sailing Committee and the CYCA Board has been one of close liaison during this year where major impact decisions have been made.

Last year I mentioned, "Our aim is to align the Club with world mainstream ocean racing and yet set standards that other Clubs believe are ones they would aspire to". We have continued down this path with a big involvement in the Special Regulations of our sport. We are constantly monitoring rating systems which has lead to the recent shift to the IRC handicap method for our Club racing. We have worked on all issues of the Rolex Sydney Hobart Yacht Race and are continuing to develop the Rolex Regatta, to be held in mid-December, into a special event.

The CYCA Sailing Committee has had some difficult and demanding decisions to make and with the Board of the Club have established that the 2004 Rolex Sydney Hobart Yacht Race winner will be decided by using the IRC method of handicapping. IMS has served us very well as a handicap method in the past but has lost a little of its popularity in Australia and at the CYCA, possibly due to the new breed of faster, lighter weight style yachts not rating as well using that method. The IMS method continues however, to provide very valuable stability information which is vital to our ocean racing.

The issue of an upper size limit and upper handicap limit has also taken much effort to establish the best way forward.

The Club hosted a seminar for current maxi boat owners, potential interested owners and yacht designers – many issues of these large boats were discussed. From these discussions, which included overseas interested parties and a watchful eye out on international developments, the Board of the CYCA has established that the continued use of a handicap upper limit is proving of little value and thus a move to use length overall has been favoured for the foreseeable future.

Last year's Rolex Sydney Hobart Yacht Race again proved to be a great event in all respects, as indicated by the closeness of the race that resulted in Michael Spies and his excellent team emerging as victors. This handicap race showed yet again that it is both difficult to win and can take many years of trying to achieve such a result. Well done to Michael who epitomises the will and determination required to win the George Adams Tattersalls Cup.

Howard de Torres sailed well throughout the season to win the most prestigious of CYCA trophies, the Blue Water Championship. In fact, Howard on Nips N Tux dominated the CYCA season. Howard also won the Cape Byron Trophy and the Tasman Performance Trophy to cap off a superbly consistent season. The Performance Handicapping System managed by John Maclurcan worked very well, providing some of the closest results in summer racing. Its success was borne out by Howard's clean sweep of the offshore series.

The other major sailing events have been the CYCA Short Ocean Pointscore during the summer, the Hahn Premium Monday Spinnaker Twilight Series and the St Arnou Wednesday Twilight Series which were all well supported and proved popular amongst our members and other keen sailors. The BMW Sydney Winter Series had a record number of entries and also proved enormously popular which would indicate that the formula of pursuit-style racing is well-liked and will continue unchanged.

The CYCA was well represented outside our local sailing with Matt Allen having a very good year; winning the Sailing South Regatta in Hobart, Skandia Geelong Race Week and the Australian Offshore Championships. Matt also teamed up with Sean Langman and Tony Kirby to win the Teams Event in the Brisbane to Gladstone Race.

Sailing, racing and cruising at our Club is what we are all there for, and our membership is valuable. The sailing we provide is, as is our endeavour, first class. Our Members are a great resource and opinions are valuable to us so seek out your Sailing Committee representative and chat about issues that concern you in order for us to move in a direction that you as a member would like. Also please assist us by ensuring that all the people you sail with are members of Yachting Australia, as a commitment to this organisation will ensure a whole lot more growth in our sport of yachting.

Finally congratulations should go to our sailing manager Justine Kirkjian who has had a big and very successful year. Our racing has been conducted without any major issues and Justine and her small but effective staff of Toni Curren and Roger Wragby have worked very hard this year to ensure a difficult job is well done. The marina staff, as with all the CYCA staff, have worked hard to ensure that the 2003/2004 sailing season was a very good one.

We all look forward to and are preparing for the 60th Rolex Sydney Hobart Yacht Race and trust that the race will be both safe and will provide the stimulating ocean racing that this Club is known around the world for.

Sailing is fun, good sailing is up to you!

Training & Development Committee Report

Chairman Matt Allen – Director

The CYCA Youth Sailing Academy (YSA) celebrated its 10-year anniversary with an outstanding year of sailing at all levels.

It has been important for the YSA to find a balance between taking young sailors to an advanced level and performing an introductory role so as to get more young people into both our sport and our Club. This year we have concentrated on increasing the profile of the YSA and its courses so as to fill all the available places.

It is pleasing that our schools and introductory courses are now usually over booked. This means that a greater number of young people are being introduced to our sport and trained in our courses. With more coaching resources available to the YSA and more demand for our courses, we can now schedule more training at the introductory and intermediate level going forward. The progression of youth sailors onto Members' boats and their distinguished performances provide Club Members with great assurance of the future of the sport.

The results from sailors representing the CYCA at interclub and international level were the strongest since the YSA's inception. The Academy continues to reach the broader community through the expansion of school and university programs and initiatives that provide opportunities for people with disadvantages or disabilities.

An indication of the YSA's potential came when a young team, skippered by Seve Jarvin, won the World Series Yachting Three Boat Match Racing on Sydney Harbour. Seve then combined with Robert Bell and Sam Newton to win the 37th Governors Cup (USA Junior Match Racing Championship), the Harken NSW Youth Match Racing Championship, the Club Marine Australian Youth Match Racing Championship, the CYCA's Accord Logistics International Youth Match Racing Championship and RPAYC's Harken International Youth Match Racing Championship.

Further results exemplify the strength and depth of skill in the CYCA's young sailors. An under 25s team, skippered by Richard

Howard, represented the Club at Cowes Youth Week and finished 6th after entering the regatta ranked 17th. Other YSA teams benefited from a broad range of opportunities and were placed 3rd in the Accord Logistics Youth Match Racing Championship, 4th, 5th and 6th in the Club Marine Australian Youth Match Racing Championship, 2nd, 4th and 5th in the Harken NSW Youth Match Racing Championship, 6th in the Warren Jones U/25 Match Racing Championship (Royal Freshwater Bay Yacht Club), 5th in the Hardy Cup U/25 Match Racing Championship (RSYS), 6th in the Royal Port Nicholson International Youth Match Racing Championship and 3rd in the RNZYS International Youth Match Racing Championship.

Young women sailors in the YSA continued to strengthen their capabilities. For the first time the YSA was able to enter two womens teams in the Newport Womens Match Racing, finishing 3rd. The RPAYC's W.O.M.E.N.S Grade 3 Regatta saw a YSA team finish 4th and 5th. It is pleasing to see a higher proportion of young women in our courses and we are confident that this trend will continue.

There is a continued flow of YSA sailors onto members' yachts, some achieving exceptional results. These opportunities that are so generously provided by Club Members are greatly appreciated. Four YSA members crewed on separate Rolex Sydney Hobart Yacht Race entries, with Andrew Joyce, 19, playing a key role as navigator of the overall winner, First National. Other YSA sailors have competed in the Sydney Gold Coast Race (Richard Howard being a key part of the winning crew on Tow Truck), the Coffs Harbour Race, the Sydney Mooloolaba Race and many other inshore and offshore events.

Other opportunities for the integration of YSA sailors into Club activities included the loading of the baggage containers on Boxing Day for the Rolex Sydney Hobart Yacht Race, and the Directors Regatta in February in which two YSA sailors crewed for each Director, resulting in an increased appreciation of the sailing skills of all. This was an excellent opportunity to introduce many of the young sailors in the YSA to the Directors in a sailing environment. It was found to be beneficial to all, although many of the Directors struggled to walk for a few days afterwards!

Given the YSA's increasingly high profile and reputation, positions in all training squads are in high demand. The Introductory School Holiday Programs see many participants choosing to return every holiday and a continual stream of new applicants applying. Graduates from this and many of our mid-week school programs are invited to join the Intermediate Squad – a new and very popular initiative in 2003. The highly competitive Advanced Squad – with 34 participants every weekend through winter – is the final progression for graduates of these programs and for talented sailors from feeder dinghy Clubs. The dedication of these sailors can be noted on early Winter Sunday mornings with Elliott 6 training taking place before each BMW Sydney Winter Series Race.

In addition to these training programs, the YSA enjoys its opportunities to work with the broad community through its relationship with The Freedman Foundation and Sailors with disABILITIES. The Freedman Foundation program was expanded to include 12 disadvantaged schools and 48 students. The support of sailors from the Advanced Squad is integral to the success of this program. Students from Macquarie Boys Technical High wrote in appreciation "sailing was really cool... keep up the good work and keep all the instructors because you all are fantastic." YSA sponsor Sailors with disABILITIES conducted two very successful two day regattas in October and March.

It was also good to welcome Eden Marine High for their annual visit in December. This program continues to be part of the CYCA's thank you to the Eden community for their support during the Rolex Sydney Hobart Yacht Races and is always extremely successful.

Umpire and Race Management courses conducted by the YSA in 2003 provided an opportunity for a large group of volunteers and staff to enhance their skills. This skill base was honed in a number of Club youth match racing regattas – including the Kellett Shield, Hirst and All Marine Series – before the CYCA conducted state, national and international match racing regattas and numerous fleet racing regattas. These included the very popular Womens Marinassess Regatta (expanded to a two day

regatta), the Mount Gay Top Jocks (Champion of Champions) Regatta, and a number of other regattas conducted in the Elliott 6 fleet.

The addition of two coach boats has assisted in the conduct of both training activities and regatta management. One of these – the 'Gary McPike' – was generously donated by Mary Ann Maxwell, Gary's widow. Andrew Short's support in their fit-out and the purchase of both engines was greatly appreciated.

The YSA is greatly indebted to all our sponsors. I was pleased this year to welcome two new Elliott 6 sponsors, Club members Neville Christie (Camp Eden) and Geoff Morgan and Andrew Banks (Talent2), who join Musto, Toll, Sydney Yachts, Club Marine, Village Roadshow (MMM), KAZ/Sailors with disABILITIES, and Quite Little Drink. On-going sponsorships with Harken (ropes and deck hardware), Hood Sails (sails) and International Paints (anti-fouling) continue to provide the YSA with well-maintained boats.

The YSA would also like to thank all those members who support youth sailors with their direct donation or donation to the Australian Sports Foundation.

I would like to express a special thanks to Ben Croucher who has worked tirelessly for the YSA for the last six years. Ben's meticulous maintenance of the boats, his warmth and friendly caring manner will be missed. I wish him well in his new career. I welcome Euan McNicol to the YSA staff. Euan is an ex-YSA sailor, an extremely capable high level coach and a very talented sailor in his own right.

In conclusion, I would like to thank Jenni Bonnitcha for her extreme dedication throughout the year. The increase in reputation and profile of the YSA, the demand for all the courses we run, and the terrific results achieved are largely due to her efforts.

CYCA Cruising Report

Captain John Keelty

Our change of format for CYCA Cruising is proving to be quite popular with members with all of our evenings being well attended.

During the past 12 months we have held social evenings with information on sailing holiday destinations in Cuba, Turkey, Croatia and New Caledonia, together with Educational Seminars on Heavy Weather Sailing, Medical Advice for Offshore Sailors, Radio Communications and Computer Technology onboard yachts.

At our sailing holiday destination evenings we have had Club members who have recently returned from a visit to the area relate their experiences together with information on how to arrange a sailing holiday or visit there. In order to capture the true spirit of each country, the presentations were accompanied by entertainment and local drinks, including a CYCA special cocktail. To complete these evenings we eat, our caterers, rose to the occasion by researching and providing a menu of traditional fare from each country.

Highlights of our sailing destination evenings include "Sabine" the Turkish Belly Dancer who had everyone on their feet; the attendance by the Consulate General of the Republic of Croatia, Professor Goroslav Keller, who very generously provided all with samples of traditional grappa from his personal cellar; and the lucky door prize of two return air tickets to New Caledonia courtesy of Brook Felsenthal of Charter World Yachting Holidays and Aircalin.

Our educational seminars are also proving very successful and informative so much so that revisits to each topic have been requested, especially the Heavy Weather Sailing.

Short Haul racing this year was again a successful season and congratulations not only go to the winners of the pointscores but to all who came along and made the season so enjoyable.

At the request of the Sailing Committee, CYCA Cruising has submitted a set of guidelines for the Sydney Gold Coast Yacht Race for cruising yachts to accompany the fleet. This may be of interest to those yachts travelling north during the cooler months to destinations such as Airlie Beach or joining in the racing at Hamilton Island. The entrants in this division will not be racing but will be accompanying the fleet and competing for a trophy based on engine hours used (if any) and predicted times of arrival at waypoints on the course, a great way of cruising in company.

My thanks to all who have assisted in making CYCA Cruising so successful this year with special thanks to;

- The members of the Cruising Committee: Pat Goldstiver, Denis Doyle, Sharondell Grannen, Patricia and Peter Cox, Kate Dixon, Colin Alleck, Caryl Rourke, Rob Lewin, Ivy Green and a very special thanks to my wife Margaret whose assistance and support makes it all happen;
- Trevor Joyce from Mariner Boating and Brook Felsenthal from Charter World Yachting Holidays;
- All of our speakers and entertainers, including members: Shaaron Walsh, George and Sabrina Snow, Teki Dalton, Peter Messenger, Scott Jutson, Ed Psaltis, Roger Hickman, Bob Fraser, Andy Dovell and Bill Bailey and crew;
- CYCA staff: Christina, Scott, Marina, Joe, Churti, Natalie, Nina, Lisa, Maria and Deb and all of the staff who assisted in our evenings;
- Our Treasurer Alan Green, Commodore John Messenger and the Board.

Without the assistance and support of all these people the events would not occur and run so smoothly.

Marina & Site Committee Report

Chairman Geoff Lavis – Vice Commodore

The floating marina continues to be an outstanding success for the Club, its members and visitors. Whilst it is a wonderful asset for the Club, its success is the cause of some angst amongst our boat owning Club members due to the never diminishing waitlist for berths. The Marina and Site Committee continually assess applications for permanent berths, however very little new space is created, as most owners who already are permanent berth holders, when selling their boat, generally upgrade to a larger boat. This, in itself, has created new pressures due to the limited number of larger berths available. In fact the Committee, this year, has advised boat owners that if they are considering upgrading to a larger boat the Club cannot guarantee that a suitable berth will be available.

The Committee assesses applications for berthing based on reported past and proposed use of the boat. Applicants are now required to complete a form that details their past and proposed usage of the boat.

Due to the pressure of boats on the waiting list, the Committee and Marina staff endeavour to ensure that those who have been granted marina licenses will continue to maintain the use of their boats as was agreed at the time of occupancy of the berth. In a nutshell, if the marina occupier is simply using the berth as a parking lot for their boat, then the Committee will seek to have that boat removed from the marina.

The marina has been run very efficiently throughout the year and this has been achieved again through the excellent and tireless efforts of our dockmaster, Scott Finsten and marina administrator, Frank Bergmann. Well done and my thanks to both of you.

In May last year, Andy Payne was appointed operations supervisor for the Club and both Scott and Frank are responsible to him. Andy's contribution to this area and diligence in his role has been outstanding. Under his guidance the marina and site functions

have been streamlined and made significantly more efficient and cohesive. Andy is also responsible for the design and implementation of the Club's obligations and responsibilities under the NSW Occupational Health and Safety Act 2000. This is an ongoing process that Andy has well in hand.

Last December the hardstand area of the Club was required for the erection of a marquee for Rolex Sydney Hobart Yacht Race purposes. We were fortunate to be able to relocate the hardstand boats to the ex-Olympic site in Rushcutters Bay. The area will be required again this year for an even greater period. A meeting was recently held with the hardstand occupants and planning has already started for the smooth transferal of their boats during the required period. The Club will continue to liaise with the hardstand occupants on all movements.

Planning continues in regard to the use of the slipway area. The Committee hopes to be able to present a proposal for this area to the Board, and then to the members, during the next financial year.

Our start boat, tenders and chase boats are all in excellent condition. Andy and Scott ensure that all routine maintenance is carried out correctly and in a timely manner.

Building and site maintenance is being carried out as and when required. The 24 hour access toilet and shower was given a spruce up during the year. The facility is certainly now lighter, brighter and easier to clean. The hardstand lift crane recently underwent a major refurbishment which included improvements to maintenance systems. No other major area of building rectification/repair has been identified this year.

I would like to again thank Andy Payne, Scott Finsten and Frank Bergmann for their commitment to the smooth and efficient functioning of the marina. I would also like to thank my fellow Committee members, Director Garry Linacre, Director Rod Skellet, Director Les Goodridge, Tony Hearder, Karl Stechmann and Ed McCarthy for their valued assistance and support during the year.

Member Services Committee Report

Chairman Michael Cranitch – Director

2003 – 2004 has been a busy and productive year for the Member Services Committee. Liaison continues with L eat catering to ensure that they remain responsive to Members' needs. This has resulted in changes being made more recently to the menu in the restaurant to the effect that no main course is now in excess of \$30. The quality, however, has remained. The effect of the reduction in price is already being seen in increased patronage of the Blue Water Grille and members are urged to utilise this facility. The pricing compares extremely favourably with other similar venues in the Eastern Suburbs. Committee Member and Director Graham Swan has reviewed similar establishments and the Blue Water Grille is rated superior to most.

During the year the Committee reviewed the dress code in various parts of the Club with a view to providing uniformity. Scott McEwen on behalf of the Member Services Committee has produced a revised dress code for all areas of the Club, with the emphasis being placed upon making the dress code more easily understood and enforceable.

After a period of crisis, the Breakfast Club resumed its catering for the BMW Sydney Winter Series, and regularly caters for approximately 250 breakfasts every Sunday morning. Its continued functioning is due to the significant efforts made by the volunteers who run it, and their activities result in additional funds being available for member services which might otherwise not be included within the ordinary budget of the Club. I wish to thank the volunteers who have run this very successful operation on behalf of the Club for over twenty years.

Matt Allen, on behalf of the Member Services Committee keeps a close eye on the wine lists at the Club. It is anticipated that during the forthcoming months a proper bottle shop facility will be established in the Sydney Hobart Bar area so that Members may avail themselves of the keen bargains sourced by our beverage staff.

The Badge Draw continues to prove popular on Thursday evenings, thanks to the staunch support of our sponsors.

Finally, I wish to thank all the hard working members of the Committee who have each contributed significantly to the running of the Club and have provided enormous input to relieve me personally of some of the responsibilities associated with this Committee. The Committee looks forward to being of service to the members in the forthcoming year.

Archives Committee Report

Chairman Rod Skellet – Director

The Archives Committee has made solid progress over the past 12 months on our major project, the history of the CYCA. That said it was a year of pitfalls and change, which no doubt tested the patience of not only the Committee members but also the officers of the Club.

In June 2003, our then designated author and CYCA Club member David Colfelt informed the Club that he was unable to continue on the project due to medical reasons. This was a great loss as David was very committed to the task and had completed a huge volume of research work in preparation for the drafting of the manuscript.

Our Committee then went to work on appointing a new author and we were fortunate that probably Australia's best known yachting journalist and CYCA member Bob Ross was interested in the job. Bob having recently handed over the reigns of Australian Sailing to Vanessa Dudley, now had the time to devote his attention to our Club's history. To date the manuscript is now 20% complete and we are envisaging that the work will be completed by April 2005, all going well.

The negotiations in relation to the publishing of the book are yet to be finalised so the final delivery date for the complete history

is still to be determined. Our intention is to have the book out in circulation by September 2005, well before the lead up to the December racing period.

Aside from the book, our team is working on a portable display highlighting the significant events surrounding the last 59 years of the Hobart Race. The intention is to provide an opportunity for members and guests visiting the CYCA prior to the 60th Rolex Sydney Hobart Yacht Race, a snapshot of what has made the race the great sporting tradition that it is. Following the start on Boxing Day, this display will be packed up and shipped to Hobart for the arrival of the yachts off Battery Point and for the enjoyment of our Tasmanian hosts and spectators.

Finally, the Club has been fortunate to have purchased a complete set of Seacraft and Modern Boating magazines for a very modest price. These magazines are a very valuable and an interesting asset that will certainly bolster the Club's archival resource base.

On that note, I would like to thank my fellow Committee members for the contribution throughout the past year and hopefully by this time next year we will be very close to presenting the final manuscript on the CYCA history to the membership.

Associates Committee Report

President Gail Lewis – Bearman

To celebrate the Associate Committee's 40th anniversary, our first function for the year was a reunion luncheon for past and present Committee members. It was an opportunity to reminisce with old friends and to welcome Margaret Psaltis, the first President of the Associates Committee and two other Committee members, Jeannette York and Ruth Hill.

Halloween Night

Our Halloween Party was a lot of fun and enjoyed by young and old alike. Guests who came in Halloween dress danced to the jukebox and were entertained by a professional magician. The Morna and Freya rooms were appropriately decorated including pumpkin lanterns and silken spider webs.

Parade of Sail

In July we held our 10th Annual Parade of Sail and Blessing of the Fleet. A record fleet of 30 classic yachts, all 25 years or more, competed for the 'Shipshape and Bristol Fashion Award'. The winning yacht was Ian Kortlang's Antara, with David Champtaloup's Caprice of Huon and Alan Stanton's Samiel sharing second place. Following the Parade, 180 skippers, crewmembers and guests joined us for lunch in the Freya and Morna Rooms. Thanks to Michael York who once again organised the Sydney Heritage Fleet's magnificent Edwardian Schooner Boomerang as our official start vessel and also to the judges, the starter, the Chaplain and Jeannette York who co-ordinated the days events.

Melbourne Cup Champagne Luncheon

Our Melbourne Cup luncheon was a great success and seating for 166 members and their friends was to capacity. Guests were entertained with hat and fashion awards, door prizes, competitions, sweeps and a monster raffle. In all, we provided over 120 prizes and our appreciation goes to those Club members and companies who so kindly donated quality prizes. Thanks to Shaaron Walsh and Margaret Keelty who assisted me on the day and to our sub-committee for their help.

Children's Christmas Party

Seventy children attended the Christmas Party and each child received an individually selected present from Santa. The children were entertained with a floor show, face painting, organised games and helium balloons. Thanks to Eve Ross who arranged the

hot and cold party food, Diana Hawley our photographer and Les Cosgrove who appeared in his seasonal 'red suit'.

Christmas Hamper

Once again we were pleased with the results of our gourmet Christmas hamper. This is one way we can accrue additional revenue to support our donations.

Donations

Each year we select an outside charity to which we make a monetary donation. This year we chose the Breast Cancer Foundation and a \$500 cheque was presented to them. A smaller donation of \$100 was made to St. Vincents Hospital's Heart & Lung Foundation.

Salsa Dinner & Presentation Night

Our theme nights are always popular and in May, our 'Hot Latin Salsa Night' was complete with a South American menu, professional Salsa dancers and Salsa music and guests who dressed for the occasion.

We took this opportunity to present the Sheila Patrick Memorial Trophy, plus individual medallions, to the latest two recipients. Congratulations to Sally Gordon and Felicity Nelson who both competed in their 10th Sydney Hobart Yacht Race in 2003. This now brings the number of women who have achieved this goal to ten.

Defibrillators

At a total cost of \$7,000, our Committee purchased two defibrillators which will be available in case of an emergency. These little machines, one of which will remain on the Club premises and the other on the Starter's vessel, could mean the difference between life and death in the event of a cardiac arrest. Commodore Messenger accepted the defibrillators on behalf of Club Members.

In September 2003 we were saddened by the passing of long time Committee member Lorna Murray.

I would like to extend my thanks to the Committee Members for contributing their time and effort over the year. Members being: Shaaron Walsh, Cathie Mulherin, Pam Neate, Margaret Keelty, Jeannette York, Aurian Bird, Elizabeth Carpenter, Eve Ross, Diana Hawley, Pamela Brinsmead, Pamela Emerson, Lee Ratcliff and Marie-Lou Wolfensberger.

On behalf of the Committee, I wish to thank the Commodore, Board and CYCA staff for their assistance and co-operation throughout the past year.

Directors' Report

The Directors present their report together with the financial report of the Cruising Yacht Club of Australia ("the Company") for the year ended 31 March 2004 and the auditor's report thereon.

DIRECTORS

The directors of the Company at any time during or since the end of the financial year are:

G D Cropley	3	4	1	2
D M Telford	2	4	4	4

*Number of meetings held during the time the director held office during the year.

Directors' Report (continued)

Principal activities

The principal activities of the Company during the course of the financial year were to promote participation in yachting including the sport of sailing and to provide ocean racing facilities, training and other yachting facilities and competition for its members.

There were no significant changes in the nature of the activities of the Company during the year.

Membership

The Company is a company limited by guarantee and without share capital. The number of members as at 31 March 2004 and the comparison with last year is as follows:

	2004	2003
Number of members	2,573	2,566

Review and results of operations

The result from ordinary activities before tax for the year amounted to a net profit of \$186,603 compared with a net profit of \$395,123 for the prior year. This resulted after charging \$642,538 (2003: \$547,604) for depreciation and amortisation.

The decrease in net profit is predominantly as a result of

increased depreciation of assets (including in relation to the Company's websites) and increased property expenditure; in particular costs associated with the current caterer's arrangement and property expenses. The effect of the increase in expenses has been offset by the reversal of a prior year accrual for superannuation.

Dividends

The Company is a non-profit organisation and is prevented by its constitution from paying dividends.

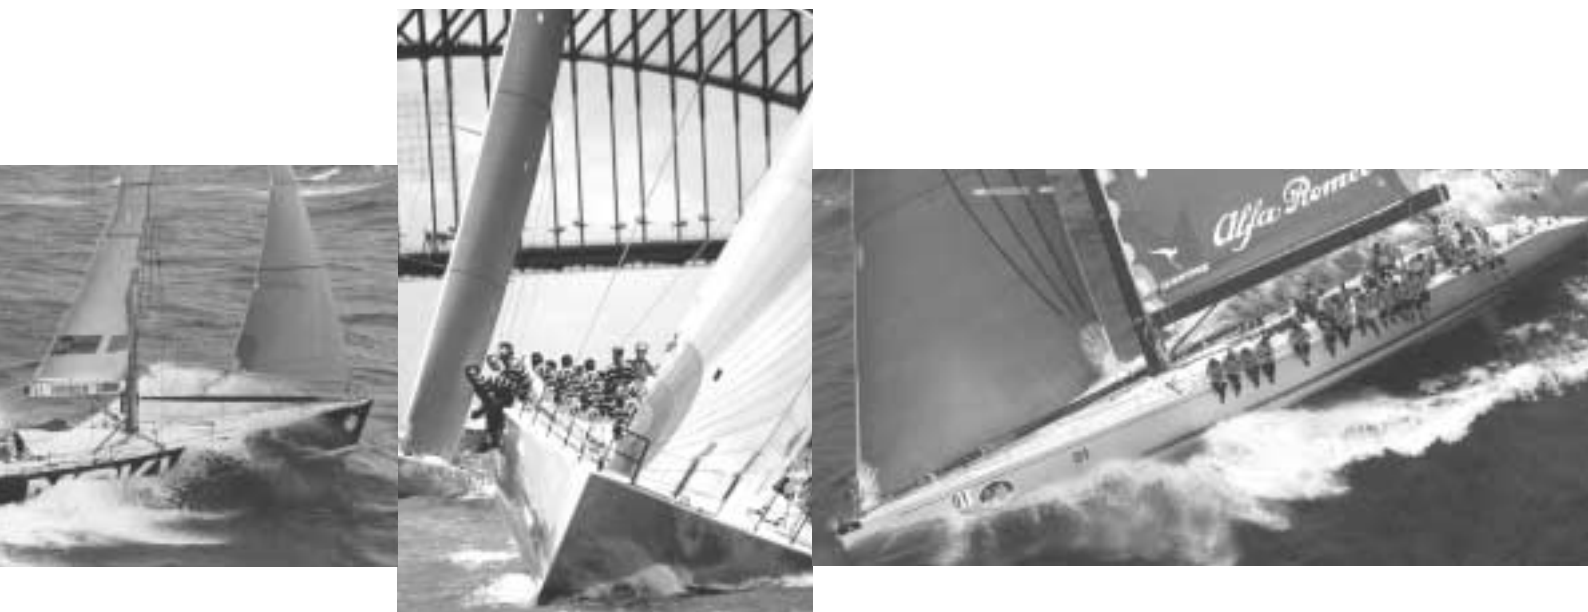

State of affairs

In the opinion of the directors there were no significant changes in the state of affairs of the Company that occurred during the financial year under review.

Environmental regulation

The Company's operations are subject to various environmental regulations under both Commonwealth and State legislation.

The Board believes that the Company has adequate systems in place for the management of its environmental requirements and is not aware of any breach of those environmental requirements as they apply to the Company.

Directors' Report (continued)

2004 2003

Events subsequent to reporting date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material or unusual nature likely, in the opinion of the directors of the Company to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

\$190,000 – \$200,000

1 1

Total income paid or payable or otherwise available to all employees of the Company as reported alongside each successive band noted above

2004 2003

\$198,686 \$194,951

Likely developments

The directors do not anticipate any particular development in the operations of the Company which will affect the results in subsequent years.

Director and employee overseas travel

The following employees have travelled overseas in their capacity as an employee during the year ended 31 March 2004;

- Jennifer Bonnitca travelled to New Zealand as the coach of the Company team competing in the RNZYS International Youth Match Racing Series. The Company paid for costs relating to airfares totalling \$585. In addition to these costs the employee was paid wages for the period of travel.
- Benjamin Croucher travelled to the United Kingdom as the coach of and participant in the Company team competing at Cowes Week. The Company paid for costs relating to airfares, insurance and accommodation totalling \$2,487. In addition to these costs the employee was paid wages for the period of travel.

No director has travelled overseas in their capacity as a director during the year ended 31 March 2004.

Employee remuneration

The number of employees of the Company whose income is greater than \$100,000, including fringe benefits, such as the use of a motor vehicle provided by a sponsor, from the Company or any related party falls within the following bands:

Indemnification and insurance of officers

The Company has provided for and paid premiums during the year for directors and officers liability insurance. Each director has contributed \$92 of premium costs. The insurance is in respect of legal liability for damages and legal costs to a maximum of \$10,000,000 arising from claims made by reason of any omissions or acts (other than dishonesty) by them, whilst acting in their individual or collective capacity as directors or officers of the Company.

The insurance premiums relate to:

- costs and expenses incurred by the relevant officers in defending proceedings, whether civil or criminal whatever their outcome; and
- other liabilities that may arise from their position, with the exception of conduct involving a wilful breach of duty or improper use of information or position to gain a personal advantage.

Dated at Sydney this 27th day of May, 2004.

Independent Audit Report

to the members of the Cruising Yacht Club of Australia

Scope

We have audited the financial report of the Cruising Yacht Club of Australia ("the Company") for the financial year ended 31 March 2004 consisting of the statement of financial performance, statement of financial position, statement of cash flows, accompanying notes, and the directors' declaration set out on pages 23 to 42. The Company's directors are responsible for the financial report. We have conducted an independent audit of this financial report in order to express an opinion on it to the members of the Company.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements so as to present a view which is consistent with our understanding of the Company's financial position, and performance as represented by the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion

In our opinion, the financial report of the Cruising Yacht Club of Australia is in accordance with:

a) the Corporations Act 2001, including:

- i) giving a true and fair view of the Company's financial position as at 31 March 2004 and of its performance for the year ended on that date; and
- ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and

b) other mandatory professional reporting requirements in Australia.

KPMG

John O'Donnell
Partner
Sydney 2004

Directors' Declaration

In the opinion of the directors of the Cruising Yacht Club of Australia ("the Company"):

(a) *the financial statements and notes, set out on pages 24 to 42, are in accordance with the Corporations Act 2001, including:*

(i) giving a true and fair view of the financial position of the Company as at 31 March 2004 and of its performance, as represented by the results of its operations and its cash flows, for the year ended on that date; and

(ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and

(b) *there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.*

Dated at Sydney this 27th day of May, 2004.

Signed in accordance with a resolution of the directors:

Cash at the beginning of the financial year		116,514	116,596
Cash at the end of the financial year	19(a)	57,479	116,514

The statement of cash flows is to be read in conjunction with the notes to the financial statements set out on pages 27 to 42.

Notes to the Financial Statements

for the year ended 31 March 2004

I. Statement of significant accounting policies

The significant policies which have been adopted in the preparation of this financial report are:

(a) Basis of preparation

The financial report is a general purpose financial report which has been prepared in accordance with Accounting Standards, Urgent Issues Group Consensus Views, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

It has been prepared on the basis of historical costs and except where stated, does not take into account changing money values or the fair value of assets.

The accounting policies are consistent with those of the previous year, other than as disclosed in Note 2.

(b) Revenue recognition – Note 3

Revenues are recognised at fair value of the consideration received net of the amount of goods and services tax (GST) payable to the taxation authority. Exchanges of goods or services of the same nature and value without any cash consideration are recognised as revenues.

Sale of goods revenue

House revenue

House revenue comprises revenue earned from the provision of food, beverage and clothing sales to members and other patrons of the club. Revenue is recognised when the goods and services are provided.

Rendering of services revenue

Subscriptions

Subscription fees are taken into account on an accruals basis and the portion relating to the ensuing year is transferred to subscriptions in advance.

Yard and marina

Yard and marina revenue consists of casual and permanent berthing fees, hardstand rentals, locker rentals, slipping fees, tender fees and boat repairs provided to members and other patrons of the Club. Yard and marina revenue is recognised when the goods or services are provided.

Sailing revenue

Sailing revenue consists of ferry charter fees, race entry fees and other associated income. Sailing revenue is recognised when the goods or services are provided for all revenue except sponsorship which is recognised as it accrues.

Other revenue from ordinary activities

Interest revenue

Interest revenue is recognised as it accrues, taking into account the effective yield on the financial asset.

Donations and grants received

Revenue from donations and grants consists of donations received by the Youth Sailing Academy, and grants from the Australian Sports Foundation.

Sale of non-current assets

The gross proceeds of non-current asset sales are included as revenue at the date control of the asset passes to the buyer, usually when an unconditional contract of sale is signed.

The gain or loss on disposal is calculated as the difference between the carrying amount of the asset at the time of disposal and the net proceeds on disposal (including incidental costs).

Notes to the financial statements for the year ended 31 March 2004 (continued)

I. Statement of significant accounting policies (continued)

(c) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as a current asset or liability in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the taxation authority are classified as operating cash flows.

(d) Borrowing costs

Borrowing costs include interest, amortisation of discounts or premiums relating to borrowings, amortisation of ancillary costs incurred in connection with arrangement of borrowings and lease finance charges. Ancillary costs incurred in connection with the arrangement of borrowings are capitalised and amortised over the life of the borrowings.

Borrowing costs are expensed as incurred unless they relate to qualifying assets. Qualifying assets are assets which take more than 12 months to get ready for their intended use or sale. In these circumstances, borrowing costs are capitalised to the cost of the assets. Where funds are borrowed specifically for the acquisition, construction or production of a qualifying asset, the amount of borrowing costs capitalised is those incurred in relation to that borrowing, net of any interest earned on those borrowings. Where funds are borrowed generally, borrowing costs are capitalised using a weighted average capitalisation rate.

(e) Taxation

No provision has been made for income tax as the Company is exempt under Section 50-45 of the Income Tax Assessment Act (1997), provided it continues as a sporting club predominantly encouraging and promoting the sport of yachting, boating, cruising for pleasure and the building and sailing of yachts and boats. Accordingly tax effect accounting has not been adopted by the Company.

(f) Acquisition of assets

All assets acquired including property, plant and equipment are initially recorded at their cost of acquisition at the date of acquisition, being the fair value of the consideration provided plus incidental costs directly attributable to the acquisition.

Expenditure is only recognised as an asset when the Company controls future economic benefits as a result of the costs incurred, that are probable and can be measured reliably. Costs attributable to feasibility and alternative approach assessments are expensed as incurred.

Subsequent additional costs

Costs incurred on assets subsequent to initial acquisition are capitalised when it is probable that future economic benefits in excess of the originally assessed performance of the asset will flow to the Company in future years otherwise they are expensed as incurred.

(g) Revisions of accounting estimates

Revisions to accounting estimates are recognised prospectively in current and future periods only.

(h) Receivables – Note 6

The collectability of debts is assessed at reporting date and specific provision is made for any doubtful accounts.

Trade debtors

Debtors are generally settled within 60 days and are carried at amounts due.

(i) Inventories – Note 7

Inventories are carried at the lower of cost and/or net realisable value.

Notes to the financial statements for the year ended 31 March 2004 (continued)

I. Statement of significant accounting policies (continued)

(j) Leased assets

Leases under which the Company assumes substantially all the risks and benefits of ownership are classified as finance leases. Other leases are classified as operating leases.

Operating leases

Payments made under operating leases are expensed on a straight line basis over the term of the lease, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased property.

(k) Recoverable amount of non-current assets valued on cost basis

The carrying amounts of non-current assets valued on the cost basis are reviewed to determine whether they are in excess of their recoverable amount at reporting date. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower amount. The write-down is expensed in the reporting period in which it occurs.

Current valuations for leasehold improvements valued on the cost basis are carried out at least once every three years.

Where a group of assets working together supports the generation of cash inflows, the recoverable amount is assessed in relation to that group of assets.

In assessing recoverable amounts of non-current assets the relevant cash flows have not been discounted to their present value.

(l) Depreciation and amortisation

Complex assets

The components of major assets that have materially different useful lives, are effectively accounted for as separate assets, and are separately depreciated.

Useful lives

All non-current assets have limited useful lives and are depreciated/amortised using the straight line method over their estimated useful lives, taking into account estimated residual values, with the exception of freehold land.

Assets are depreciated or amortised from the date of acquisition.

Depreciation and amortisation rates and methods are reviewed annually for appropriateness. When changes are made, adjustments are reflected prospectively in current and future periods only.

The depreciation/amortisation rates used for each class of asset are as follows:

	2004	2003
<i>Property, plant and equipment</i>		
Leasehold improvements	3%	3%
Yard and marinas	13%	13%
Boats	13% to 50%	13% to 50%
Plant and equipment	13% to 50%	13% to 50%

(m) Payables – Note 10

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether or not billed to the company. Trade accounts payable are normally settled within 60 days.

(n) Interest-bearing liabilities – Note 11

Loans are recognised at their principal amount, subject to set off arrangements. Interest expense is accrued at the contracted rate and included in "Other creditors and accruals".

(o) Employee benefits – Note 12

Wages, salaries, annual leave, sick leave and non-monetary benefits

Liabilities for employee benefits for wages, salaries, annual leave and sick leave expected to be settled within 12 months of the year-end represent present obligations resulting from employees' services provided at the reporting date, calculated at undiscounted amounts based on remuneration wage and salary rates that the Company expects to pay as at reporting date including related on-costs.

Non-accumulating non-monetary benefits such as the use of a motor vehicle, are expensed on the net marginal cost to the Company as the benefits are taken by employees.

Notes to the financial statements for the year ended 31 March 2004 (continued)

I. Statement of significant accounting policies (continued)

(o) Employee benefits – Note 12 (continued)

Long service leave

The provision for employee benefits to long service leave represents the present value of the estimated future cash outflows to be made resulting from employees' services provided to reporting date.

Provision for employees with less than 10 years' service has been allocated to non-current liabilities.

The provision is calculated using expected future increases in wage and salary rates including related on-costs and expected settlement dates based on turnover history and is discounted using the rates attaching to national government bonds at reporting date which most closely match the terms of maturity of the related liabilities. The unwinding of the discount is treated as long service leave expense.

Superannuation plan

The Company contributes to several defined contribution superannuation plans. Contributions are recognised as an expense as they are made. Further information is set out in Note 20.

(p) Marina security deposits held – Note 13

Marina berth holders are required to pay a refundable security deposit to the Company equivalent to three months berthing fees at the time of acquisition of the berth.

(q) Floating rate notes – Note 11

Floating rate notes are carried on the statement of financial position at their principal amount. Interest expense is accrued at the contracted rate and included in accruals.

2. Changes in accounting policies

(a) Employee benefits – Note 20

The Company has applied the revised AASB 1028 Employee Benefits for the first time from 1 April 2003.

The liability for wages and salaries, annual leave and sick leave is now calculated using the remuneration rates the Company expects to pay as at each reporting date, not wages and salary rates current at reporting date.

There was no material change in the result for the year as a result of the adoption of AASB 1028.

(b) Revision of accounting estimates

At the commencement of the year, the Company revised its treatment of the websites previously capitalised as 'Plant and equipment' within non-current assets. As a result, the website has been fully depreciated in the current financial year. This has resulted in depreciation of \$69,784 being expensed through the statement of financial performance. All further costs incurred in the 2004 year with respect to the website have been expensed to the statement of financial performance.

Notes to the financial statements for the year ended 31 March 2004 (continued)

Bank overdraft		89,814	100,000
Bill acceptance facility		275,000	800,000
		364,814	900,000

Bank overdraft

Interest on the bank overdraft is charged at prevailing market rates.

The interest rate for the overdraft as at 31 March 2004 is 9.45% (2003: 8.95%).

The bank overdraft and other facilities made available by the Company's bankers are secured by registered first mortgages over all assets of the Company. The bank overdraft is payable on demand and is subject to annual review.

Notes to the financial statements for the year ended 31 March 2004 (continued)

I I. Interest bearing liabilities (continued)

Floating rate notes

Cruising Yacht Club of Australia floating rate notes are unsecured liabilities with a term of up to three years. The loans bear interest, payable quarterly on the basis of the aggregate of the 90 day bank bill rate on the first working day of the quarter plus 2.3% per annum. The interest rate as at 31 March 2004 is 7.822% (2003: 7.073%).

Bill acceptance facility

The bill acceptance facility is available for the next two years. This facility was partially utilised as at the 2004 reporting date. The discount rate on the facility as at 31 March 2004 is 6.87% (2003: 6.11 %).

15. Additional financial instruments disclosure

The Company's financial instruments and the policies associated with the risks of carrying these are summarised below:

a) Interest rate risk

The Company's financial assets and liabilities are subject to interest rate risk. The Company does not use derivatives to minimise this risk and these will fluctuate in accordance with movements in the market interest rates.

The Company's exposure to interest rate risk and the effective weighted average interest rate for classes of financial assets and financial liabilities is set out below:

	Note	Weighted average interest rate %	Floating rate \$	Fixed interest maturing in 1 year or less \$	Fixed interest maturing in 1-5 years \$	Fixed interest maturing in more than 5 years \$	Non interest bearing \$	Total \$

b) Credit risk exposures

Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted.

Recognised financial instruments

The credit risk on financial assets of the Company which have been recognised on the statement of financial position is the carrying amount, net of any provision for doubtful debts.

The Company minimises concentrations of credit risk, undertaking transactions with a large number of patrons.

c) Net fair values of financial assets and liabilities

For all financial assets and liabilities the fair value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets.

The aggregate fair values and carrying amount of financial assets and financial liabilities are disclosed in the statement of financial position and in the notes to the financial statements.

Notes to the financial statements for the year ended 31 March 2004 (continued)

22. Related parties

Directors

The names of each person holding the position of director of the Cruising Yacht Club of Australia during the financial year are Messrs M C Allen, M Cranitch, G D Cropley, A Green, L W Goodridge, R J Hickman, M R James, G R Lavis, G Linacre, J C Messenger, R Skellet, G R Swan and D M Telford.

Mr G D Cropley and Mr D M Telford resigned as directors in July 2003.

Details of directors' remuneration are set out in Note 21.

Apart from the details disclosed in this note, no director has entered into a material contract with the Company since the end of the previous financial year and there were no material contracts involving directors' interests subsisting at year end.

Directors' transactions with the Company

From time to time directors of the Company may purchase goods and services from the Company (e.g. food, drink, racing entries, sailing equipment and marina berthing) or participate in other club activities. These purchases and participations are on the same terms and conditions as those available to any other member of the Company.

Floating rate notes

Floating rate notes totalling \$Nil (2003: \$Nil) were issued by the Company to directors or director related entities during the year. The total amount repaid on the floating rate notes was \$Nil during 2004 (2003: \$Nil) leaving a balance owing of \$350,000 to directors or director related entities at year end.

The floating rate notes were issued to F J Collins Pty Limited ATF F J Collins Superannuation Fund and Lavis Corporation ATF Lavis Superannuation Fund during 2001. Interest is paid on these notes as detailed in Note 11. The total interest paid was \$25,488 (2004: \$27,046).

The director related entities for the above related transactions are as follows:

Director	Director related entity
M R James	F J Collins Pty Limited ATF F J Collins Superannuation Fund
G Lavis	Lavis Corporation Pty Limited ATF Lavis Superannuation Fund

Other related parties

Joanna Cranitch, a relative of Michael Cranitch (director) has provided professional services as band agent to the Company during the year ended 31 March 2004. These services were provided under normal commercial terms and conditions. The costs associated with these services for the year ended 31 March 2004 is \$29,000.

23. Company details

The Club is incorporated and domiciled in Australia as a company limited by guarantee. In accordance with the Constitution of the Company, every member of the Company undertakes to contribute an amount limited to \$2 per member in the event of the winding up of the Company during the time that he is a member or within one year thereafter. At 31 March 2004 there were 2,573 members.

The principal place of business is New Beach Road, Darling Point, New South Wales, Australia.

24. Trust fund

The Company is the sole member of CYCA SOLAS Limited, a Company limited by guarantee which is the trustee of the CYCA Sydney Hobart Yacht Race Safety of Life at Sea Trusts. The administration of the CYCA Sydney Hobart Yacht Race Safety of Life at Sea Trusts is under the control of the separate board of CYCA SOLAS Limited. The trustee Company has a right to be indemnified out of the assets of the trust to satisfy liabilities properly incurred by the trustee. As at 31 March 2004 the outstanding liabilities committed by the trustee on behalf of the trust totalled \$10,000 (2003: \$30,000). The assets of the trust are sufficient to meet this commitment. In the event that CYCA SOLAS Limited is wound up and unable to repay all outstanding debts, the liability of its members is limited to an amount of \$10.

CYCA SOLAS Limited is a controlled entity of the Cruising Yacht Club of Australia. The company acts as trustee for the CYCA Sydney Hobart Yacht Race Safety of Life at Sea Trusts.

Disclaimer

The Company has chosen to disclose additional financial information which it is under no legal obligation to present.

This additional financial information presented on page 44 is in accordance with the books and records of the Cruising Yacht Club of Australia which have been subjected to the auditing procedures applied in our statutory audits of the Company. It will be appreciated that our statutory audits did not cover all details of the additional financial information. Accordingly, we do not express an opinion on such financial information and no warranty of accuracy or reliability is given.

In accordance with our Firm policy, we advise that neither the Firm nor any member or employee of the Firm undertakes responsibility arising in any way whatsoever to any person (other than the Company) in respect of such information, including any errors or omissions therein, arising through negligence or otherwise however caused.
