# FAQs

## What if I have never sailed before?

No prior sailing experience is necessary. It is a new sport for most of the participants and is a fun activity for everyone to learn together as a team. It is accessible to all levels of athleticism.

## What is the sailing area?

On-board instructors will sail the boats out of the CYCA Marina into Sydney Harbour. From there, the course will be setup in the vicinity of Rushcutters Bay, just outside the Cruising Yacht Club of Australia. Packages can be tailored to suit your needs with additional sailing areas including Athol Bay, Manly, Rose Bay, Kirribilli & Barangaroo

## What should I wear and bring?

Check the weather, and dress appropriately! Remember: it is always cooler on the water, and there is a chance you will get wet. Rain or shine, we will sail!

- Athletic enclosed shoes that can get wet or sandals with a heel strap (Crocs are great!)
- Clothing that will dry quickly. Athletic shorts and a T-shirt work great. No jeans!
- Fleece depending on forecast
- Hat

Sunscreen, lifejackets and gloves will be available to all participants.

## Where do I keep my valuables when sailing?

All valuables and possessions may be safely stored in a locker in the clubhouse. Each sailboat has limited dry storage although waterproof bags will be available to allow participants to carry cameras etc. during the experience. Extra clothing can be kept on a coach/safety boat. If an item is required on the boat with you, it can be placed in a plastic bag and stored down below on the sailboat. Cell phones are strongly discouraged on-board the sailboats.

## Liability

Every participant must complete a liability waiver in order to participate in the event. Liability forms will be distributed via PDF before the event and will be available onsite the day of the event.

## Safety

All water sport activities contain an element of risk and it should be understood that each person participates at his/her own risk.

We make sure that our safety procedures are strictly adhered to because corporate sailing clients generally have very limited sailing experience. Before going out on the water, participants are briefed on all safety procedures and any dangers to watch for. All participants are required to wear lifejackets while on CYCA docks and on-board the sailboats.

The consumption of alcoholic beverages is strictly prohibited before and during all sailing activities.
