

Marina Services

Courtesy Trolleys: Trolleys are available for our members and visiting vessels. They are located outside the Clubhouse and we ask you return them after use.

E-waste & Oil disposal: Available on site Please see the marina office for details.

Fuel: 24/7 fuel is available from D'Albora Marina adjacent to the CYCA

Gas Refills: Gas bottle refills are available please contact the marina office.

Laundry Facilities: Washing machines and dryers are available for marina visitors. These are located adjacent to the Sailing and Marina Office

Local Services: Please see the Yacht services directory for details on local marine trades and services .

Power and Electricity: 3 Phase Power (32 amp) is available however these berths are limited. Every berth has access to a 15 amp power socket. All shore power leads need to be tagged and tested by a professional electrician

Pump-out Stations: Facilities for emptying waste holding tanks is available at D'Albora Marina

Recycling & General waste: CYCA is committed to recycling and requests our users of the marina to deposit their domestic waste into the appropriate bins provided.

Restrooms and Showers: Facilities are available adjacent to the Sailing and Marina Office. They are open 24/7 via an access card.

Water: Freshwater connections for boats to fill their tanks and wash boats are available at all berths on the marina. Berth holders will need to provide their own hose and fittings

Wi-Fi and Internet Access: Hotspots are located in the Clubhouse.
